# UTO KULM Hotel

Top of Zurich

## Welcome to the UTO KULM Hotel

I'm grateful to be a host for over 35 years – at this wonderful location on the Uetliberg. On top of Zurich.

For me and the entire team, it's still an honor to receive guests at our house – whether these are hotel guests, seminar attendees, restaurant guests, wedding couples or hikers. We strive to make your stay as perfect as possible each day. Because we can only be satisfied if you are. That is our aspiration and I hope that you will experience it first hand during your visit.

### Sleep royally above the roofs of Zurich

The UTO KULM Hotel has 46 rooms and nine suites – most of these with a fantastic view. All rooms and suites have modern furnishings and offer all the comforts a hotel guest could wish for. This includes the wellness area with sauna, ice grotto, steam bath and relaxation room that can be used for a surcharge.

## The «Maiensäss» at the UTO KULM Hotel

Our «Maiensäss» is an Alpine chalet recreated with great attention to detail, which offers the charming flair of a home in the Grisons. Where better to enjoy a fine fondue or raclette? Of course we also serve our popular à-la-carte dishes here year-round.

By the way: Our «Maiensäss» can also be booked exclusively for seminars and private events.

## Seminars

## Getting creative amidst inspiring nature

“Thinking is the hardest work there is,” Henry Ford once said. So it makes sense to treat yourself to a worthy space when you meet to exchange ideas, develop strategies and find solutions. It’s well-known that getting a grand perspective is easy on the Uetliberg. And our nine seminar rooms with modern furnishings offer everything needed for successful meetings.

# Weddings

## The perfect place for the best day of your life

The setting couldn't be more magical: A spectacular view of the city, the lake and the Alps – surrounded by breathtaking nature. And for the celebration, we'll transform the room of your choice into the wedding event space of your dreams.

If you like, you can also get married directly on the Uetliberg. On the turret, the place with the best panorama view, we'll arrange everything perfectly so that you can exchange vows under the open sky.

## Our rooms for your wedding

The Mirasol is one of six wedding rooms at UTO KULM. Depending on your needs, you can expand it with the adjacent Rondo, Panorama and Piazza rooms. The high ceilings and the panorama view of Lake Zurich and the Alps make this unique room stand out. Our own wedding coordinator will advise and assist you during the planning and transforms every room into a dreamy wedding space exactly as you wish.

## Getting to the traffic-free Uetliberg

### The experience already starts with the trip there

The UTO KULM Hotel is surrounded by nature. For that reason, it isn't possible to drive directly up to the hotel by car. But if you come by car, you can use the large Feldermoos parking lot in Uitikon Waldegg. You can transfer to the Uetliberg railway from there. It will quickly bring you up to the Uetliberg. A five-minute walk from the mountain station will take you to the UTO KULM Hotel. We transport people who have difficulty walking and baggage from the Uetliberg station to the hotel with an electric vehicle.
